The Synergy Above Ground swimming pool by Aqua Leader combines ultra-durability and modern lines to provide a sleek and stylish pool design. This pool's resin 9" top rail and 7" wide vertical post are made with the latest injection molding technology, providing superior durability. The colour of the resin components is solid all the way through, meaning they will never fade.

A distinct feature of this pool is the **All Aluminum Wall** that prevents corrosion. Complete with a 54" Destination wall the Synergy is compatible with all pool chemical systems.

I recently bought an above ground pool from Dale and the experience was AMAZING..Dale was friendly and informative and recommended the perfect pool for me. He kept me posted on installation dates (3 weeks earlier than anticipated, YAH) and everything went smoothly. Dale has continued to support me through the learning experience and always responds to my e-mails within the day. I highly recommend Dale and his team for all your pool needs. I will be a repeat customer of Dale!

With precision-molded connections, including the 9" radial resin top rail and 7" wide vertical post that fit together perfectly every time, this pool provides long-term benefits you're sure to appreciate year after year.

The reliability and structure of the Sentinel's design eliminate the use of angular joints, which produces ultra-strong rails, stunning continuous curve and a 54" Stella wall. This unmatched combination of structural integrity and a clean, contemporary design provides reliable fun for the whole family year after year.

A little late for 2022 but would like to say thanks for an amazing job with our new pool. I would like to thank Mark and Jake for the process and making it easy and to Jake jr and his crew for the hard work getting our pool installed so we could have a-little time to swim before we closed it. These guys know what they are doing and would recommend this group to anyone planning on a pool.

Trinity

BY **AQUA LEADER**

MADE IN CANADA 🇨🇦 | BUTTRESS FREE | SALT-FRIENDLY

The Aqua Leader Trinity Above Ground swimming pool was designed with three key ingredients in mind – durability, low maintenance, and family fun! The radial resin 6” top rails and resin 7 1/2” wide wall posts were created using a state of the art injection moulding process for superior strength and preservation over time that also makes these pieces salt-water friendly.

The top rails feature unique channels that work to capture water making your rails less slippery when entering and exiting the pool. The 54” Trinity wall is the tallest we offer making it the perfect option for families with kids from young to old and swimmers from beginner to professional.

Shopped around other competitive places, and hands down this is the place to go. On the day of install I was met with a pleasant crew. During their install, it actually seemed like they were having fun doing their work. What more can you ask for!? People who enjoy what they are doing and having a good time, for work!? If I have to say anything about this process, the communication is great and the people are even greater.
